SECTION I: GETTING STARTED

I.I IMPORTANT SAFEGUARDS

Please read all of these instructions carefully before you use the device. Save this manual for future reference.

What the warranty does not cover

- Any product, on which the serial number has been defaced, modified or removed.
- Damage, deterioration or malfunction resulting from:
- Accident, misuse, neglect, fire, water, lightning, or other acts of nature, unauthorized product modification, or failure to follow instructions supplied with the product.
- Repair or attempted repair by anyone not authorized by us.
- Any damage of the product due to shipment.
- Removal or installation of the product.
- Causes external to the product, such as electric power fluctuation or failure.
- Use of supplies or parts not meeting our specifications.
- Normal wear and tear.
- Any other causes which does not relate to a product defect.
- Removal, installation, and set-up service charges.

I.2 SAFETY INSTRUCTIONS

The Avenview MP-4KHDM-V2 Digital Signage Player has been tested for conformity to safety regulations and requirements, and has been certified for international use. However, like all electronic equipment's, the MP-4KHDM-V2 should be used with care. Read the following safety instructions to protect yourself from possible injury and to minimize the risk of damage to the unit.

- ⚠️ Do not dismantle the housing or modify the module.
- ▲ Dismantling the housing or modifying the module may result in electrical shock or burn.
- A Refer all servicing to qualified service personnel.
- ▲ Do not attempt to service this product yourself as opening or removing housing may expose you to dangerous voltage or other hazards
- 1 Keep the module away from liquids.
- A Spillage into the housing may result in fire, electrical shock, or equipment damage. If an object or liquid falls or spills on to the housing, unplug the module immediately.
- A Have the module checked by a qualified service engineer before using it again.
- ▲ Do not use liquid or aerosol cleaners to clean this unit. Always unplug the power to the device before cleaning.

I.3 REGULATORY NOTICES FEDERAL COMMUNICATIONS COMMISSION (FCC)

This equipment has been tested and found to comply with Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

Any changes or modifications made to this equipment may void the user's authority to operate this equipment.

Warning symbols	Description
	ONLY USE THE PROVIDED POWER CABLE OR POWER ADAPTER SUPPLIED. DO NOT TAMPER WITH THE ELECTRICAL PARTS. THIS MAY RESULT IN ELECTRICAL SHOCK OR BURN.
\bigcirc	DO NOT TAMPER WITH THE UNIT. DOING SO WILL VOID THE WARRANTY AND CONTINUED USE OF THE PRODUCT.
BEWARE this unit contains static sensitive devices	THE VIDEO BOARDS ARE VERY SENSITIVE TO STATIC. PLEASE ENSURE IF RACK MOUNTED OR INSTALLED ON A SURFACE, IT SHOULD BE IN A GROUNDED ENVIROMENT.

AWARNING

Read & understand user guide before using this device.

Failure to follow the proper installation instructions could result in damage to the product and preventing expected results.

2. INTRODUCTION

Printed signs are something from the past. Avenview HDMI Digital Signage Player delivers hardware HD video playback for smooth 4K and 1080p video with an advanced onboard processing power for stunning HTML5 content playback. MP-4KHDM-V2 is a plug and play device with no setup required, Plug in power, network and HDMI, and its ready to play contents on any display. The MP-4KHDM-V2 is fanless, with its specially designed casing and smart ventillation architecture it says cool 24/7. Avenview digital signage player features a built-in self-recovery function (SRF) that keep things running regardless of conditions (sudden reboots or power outage). It includes a micro-SD slot expandable up to 128GB for longer presentations.

The MP-4KHDM-V2 has a unique features which does not lock user to a specific software to create contents, we partnered with the most prominent digital signage content management software developers such as Scala, SignageLive, PosterDigital and much more which are all fully compatibe with the MP-4KHDM-V2. So, users are free to use any software they prefer with the MP-4KHDM-V2.

The MP-4KHDM-V2 is great for any application from menu boards, hospitality screens, campus signage, and corporate communications. It handles any Full HD application with ease. It's great for retail applications as well, driving digital posters and other screens.

FEATURES:

- · Always On with App Lock feature to prevent unauthorized access
- HTML5 technologies including CSS and Javascript
- Widgets for calendar, clock, news, weather, and web page integration with the ability to add custom created widgets
- Multi-zone screen layout, transparent PNG overlay, and graphical scrolling ticker
- Auto-play starts playing scheduled contents automatically when powered on
- Fanless (zero noise) with built-in 16GB EMMC storage
- Automatic error recovery with built-in WDT
- Real-time clock with backup clock battery
- SignApps Express Utility to create media content with the ability to use third party solutions (optional license)
- Micro SD card slot (support up to 128GB storage)
- Strong Cache for continued playback even when network is not available
- Built-in wall mount bracket
- I year limited warranty

2.1 PACKAGE CONTENTS

Before starting the installation of MP-4KHDM, please check the package contents.

I	MP-4KHDM-V2	ХI	
2	HDMI CORD (3 ft)	ХI	0
